

Welcome to our First Newsletter!

Happy beginnings to a new year from the East Valley Community Group!

Despite the pandemic we are so pleased with our progress to date, and we wanted to start a quarterly update to our community to share things we have accomplished thus far or want to!

First off we have initiated a Capital Campaign to raise funds for renovation of the Community Building in East Randolph and we have started this Campaign already. We want to have this building be available again for community activities. It needs about \$200,000-\$300,000 to be fully usable again. So a big task!

We have developed different committees for the entire project of community building and they are:

Events
Capital Campaign/Fundraising
Public Relations

The fundraising committee created a slogan, a logo, and a handsome banner for their campaign. The banner was put up prominently on the Hall so as to be well seen by passers-by. The slogan is Bringing It Back!

Last year activities included not only many Barn Quilts being painted, but a community garden that provided free to the community fresh produce throughout the summer with a garden stand in front of the Hall. We are hoping to have this again this coming year! If anyone wants to join in helping please let us know by responding to this email!

Or, if you want to join in on the monthly meetings to become more involved on any committee work, please contact us as well! We welcome any and all participants!

Til next time...
The EVCG
