

Fall 2021 Newsletter

Hi Folks! Happy Fall Everyone! And what a beautiful Fall it has been....! We've been busy decorating the hall for Halloween and people have been seen stopping to take selfies there...BOO! Also we hear the Fire Dept. Is giving out candy again this year!

So this is our 4th quarterly newsletter. And we are very excited to tell you that we are moving along with the Hall Project! We have contracted with Breadloaf Corporation out of Middlebury, Vermont to assess and give us an estimate of the costs of renovation. It should be here in January and we can formally begin fundraising in a bigger way! But, of course, we have been doing fundraising all along with community projects and this has allowed us to hire Breadloaf!

The Garden Project was a great success again. We had lots of potatoes and squash this year to give away and others in the community contributed their overflow from their gardens too. Thank you all for doing so. And a big thank you to Joan Feierabend who goes above and beyond for the garden!

As well we completed the Porch Quilt Scavenger Hunt and the community had lots of fun with this! We gave away many Porch Quilts as prizes and there was a great wrap up party with the Firemen preparing a wonderful chicken barbecue, and the Ladies Auxiliary providing ice cream. And a big big thank you to Allison Belisle who organized us all for this project!

Also Bingo was a big hit with lots of participants this summer! Looking forward to doing this again! Thank you Betsy Race, Jane Terry and Christine Settles for all your huge work on this! We hope to do some winter projects going forward, so keep your ears open to finding out what!

BRINGING IT BACK everyone.

Thank you all for all you contribute!

We are all stronger together!

Til next time,

The EVCG
